Subject: RE: sign off for the claims

As we discussed, I really think these claims belong in class 707, but I agree that class 709 is more relevant than the current classification, class 711.

We will help you anyway possible in dealing with any claims you have dealing with distributed data processing.

Subject: sign off for the claims

Hi Marc,

I just want to let you know that I am restricting the case that I talked to you this morning (case No. 09/704,262) and I am classifying one of the group in class 709, subclasses 217-219.

Thank you
Nasser

Print out the sheets with the claims you are classifying in 713 and I'll initial the sheets. The sheets are then put in the left side of the red folder for scanning, but not mailing. Afterwards there is no dispute about who OK'd the claims for 713.

Subject: sign off for the clams

Hello Mr. Barron

I just want to let you know that I am restricting the case that I talked to you this morning (case No. 09/704,262) and I am classifying one of the group in class 713 subclasses 150, 161 and 170.

Thank you
Nasser
